Ute Schäfer-Graf, Germany | **Annette Ziegler**, Germany
Co-Chairs

PRELIMINARY TOPICS

- Diabetes and Pregnancy
- Hypertension and Pregnancy
- Obesity and Pregnancy Outcome
- Prediction and Prevention of Pregnancy Induced Complications
- The “Great Obstetric Syndromes”
- The Role of Microbiome for Early Human Development
- Facing the Non-Communicable Diseases (NCD) Global Epidemic Pregnancy – A window of opportunity to prevent non-communicable diseases (NCD)
- Perinatal Medicine and the Industry
- Nutritional Factors Supplementation – Implications on maternal and infant outcome
- Developmental Origins of Health and Disease – Mother and offspring
- Abnormal Fetal Growth – Challenging the extremes
- Micronutrients and Macronutrients in Pregnancy
- Genetics and Epigenetics
- New Technologies in Genetic Perinatal Diagnosis
- Perinatal Infections – From antenatal diagnosis to appropriate neonatal treatment
- The First Trimester; a Window of Opportunities: Screening for pregnancy induced complications
- Management of Preterm Labor – Prediction, prevention and treatment

DEAR COLLEAGUE AND FRIEND,

It is with great pleasure that we invite you to attend the **8th International DIP Symposium on Diabetes, Hypertension, Metabolic Syndrome & Pregnancy** which will be held in Berlin, Germany, April 15-18, 2015.

Since the 1st meeting, the DIP Symposium has grown tremendously, dealing with over 80 years of knowledge, innovative research and the most up-to-date tools, techniques and integrative approach. With over 1300 participants from more than 70 countries worldwide, DIP is now considered a leading symposium in the field of maternal and fetal medicine, presenting data and management protocols to ensure the optimal outcome of pregnancies complicated by diabetes, hypertension, and metabolic syndrome.

Innovations connected to perinatal research on Whole Genome Sequencing, NIPT, small RNA's, Metabolomics and Microbiota will be discussed at length at the Symposium.

The DIP faculty is comprised of renowned professionals and practitioners from all over the world, who will present the most updated clinical and laboratory revolutions, based on evidence as well as practical experience.

We look forward to your participation and hope that you will contribute to the scientific program by submitting your abstracts.

With best wishes and hoping to see you in Berlin!

Moshe Hod, Israel | **Gian Carlo Di Renzo**, Italy | **Wolfgang Henrich**, Germany
